

COVID-19 and Low Income Communities

Team Members

Niguel Williams Miguel Padilla

Michael Rivera Jazlyn Mazick

Project Description and Outline

Write description of scope of research

Research Questions

How did COVID-19 affect “low” and “very low” income communities?

How did COVID-19 affect the rate of unemployment claims over time in the same “low” and “very low” income communities?

How did COVID-19 affect different types of urbanization categories?

Datasets

See <https://github.com/inkosi-codes/Covid-19-and-Low-Income-Communities> > docs > data_resources

Rough Breakdown of Tasks

Niguel	<ul style="list-style-type: none">- Leader- Delegation of Tasks- keeping everyone motivated and on the same page- seek dataset to support possible brainstorm suggestion
Jazlyn	<ul style="list-style-type: none">- Written Analysis and description of project proposal- seek dataset to support possible brainstorm suggestion- Hypothesis
Michael	<ul style="list-style-type: none">- seek dataset to support possible brainstorm suggestion- track progress of tasks- Data Cleansing and Wrangling
Miguel	<ul style="list-style-type: none">- Presentation Coordinator- tailor project template for our team and update as we move along- Hypothesis
